At 8:30 a.m. we start with an explanation of the qualities of the E-bikes and their handling as well as tips for the tour. The guide will tell you the route to be defined according to the weather conditions of the day. Since the distances are relatively large, the route to be covered is defined by the group according to the suggestion of the tour guide. Departure at 9 a.m. On the way we will visit the train cemetery and after a short break we will continue to the indigenous village of Colchani, where we will see the elaboration of iodized salt in its rustic form. You will enter the white desert in its fullness with typical extraction landscapes like pyramids of salt, salt eyes and the first hotel built entirely from salt, which is now a local museum. Lunch at HOTEL PALACIO DE SAL. In the afternoon visit the Chiquini Caves and the Island of Incahuasi, a typical place with a huge cactus presence in a volcanic rock environment.
